

Makeup Policies

When we can, TBEPA offers a makeup option for adult and youth enrollment classes.

Students have the opportunity to make up a missed class if multiple classes are offered at our studio locations. However, a class may only be made up within the same session (Fall, Winter, Spring, Summer) in which the student is enrolled and within four weeks of the missed class or class fee is forfeit.

Makeup classes cannot be rolled over into any future sessions.

Some enrollment classes such as Summer Musical performance classes do not have a makeup option. Adult drop-in classes do not have a makeup option.

All make-up classes must be in the same category, age group, and experience level or below. We strongly encourage students to make up missed classes in a class of the same or similar style.
